## We Mean Business

Our Business Entities & Transactions Group offers extensive experience in all areas of contract and business law. We advise on the formation, governance and operation of corporations, limited liability companies, partnerships, business trusts and other statutory entities. We represent shareholders, directors, partners, members and managers involved in all types of commercial transactions. We understand and provide perspective on a broad range of industries and specialized market segments: healthcare, mining, energy, gaming, tourism, real estate, construction, manufacturing, retail and professional services, and many others.

We are dedicated to getting the deal done. Our group advises on the business and tax law issues that permeate all facets of a commercial transaction. Our lawyers serve as local and general counsel not only to sole proprietors and closely held entities but also to publicly traded national and global corporations doing business in Nevada and far beyond state lines. Our expertise ranges from the purchase and sale of business entities and assets—to secured financing of commercial transactions—to representation of commercial loan borrowers and lenders. We are actively involved in all types of mergers, acquisitions, dispositions and dissolutions that are subject to Nevada corporate law, limited liability company law, and partnership law. We deliver comprehensive legal counsel on the

complete array of business contracts, as well as on all dispute mitigation and resolution, particularly among entities and their owners.
